Principal's Message

Hello Families!

Welcome to March and welcome back from our February week break. I really appreciated all of the families that came out to our "Chat with the Teacher" evening. I got to spend some quality time getting to know a few more of you. I also appreciate those of you who completed the provincial survey so that our school can improve in any area that we need to.

Our grade 7 and 8 students had a field trip to tour the Lethbridge College in their trades program. We even got delicious treats made for us by the baking students! Thank you to Sharla Kane, our career practitioner, for arranging this tour for us. We also ended our day in Lethbridge by playing some virtual dodgeball at VRcore. Thank you Sara Siemens for driving our students and for joining in the VR fun!

On a more important note, on March 14th, it will be pi day (the math pi not the yummy pie). On the 3rd month, on the 14th day, and at 1:59pm we will plan on eating some pie! Ask your child about 3.14159... at some point this month.
